R.E.F.O.Y. RESTAURANT

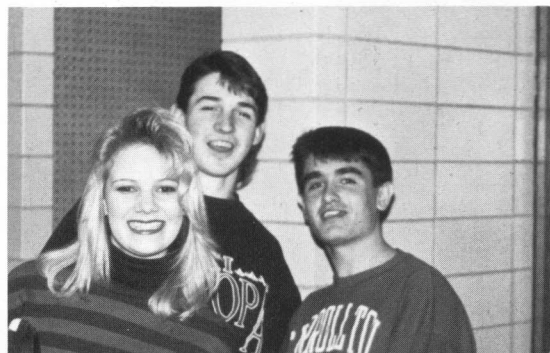

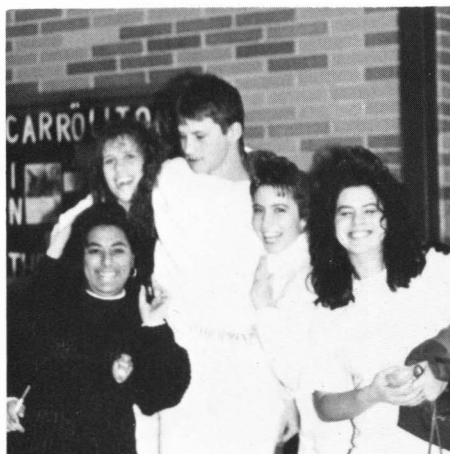

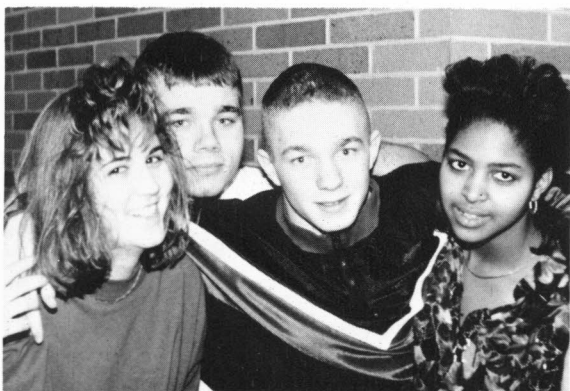

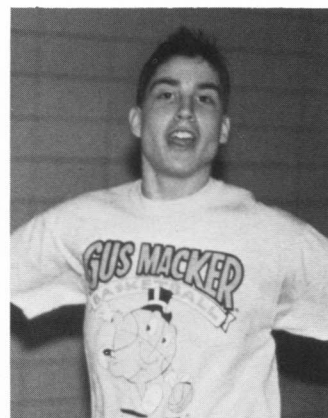

(Real Education For Our Youth)

Mrs. Foy's students focus on being useful and honorable members of society and she has given them the tools to prove themselves. Using money from her son's memorial fund for "Life Skills," they operate a restaurant and prepare a variety of foods for employees. This restaurant has been in operation for four years, and profits are used for such items as cash registers, calculators, appliances, and kitchen supplies. Profits are also used for scholarships from Teachers for Academic Excellence.

This year Mrs. Foy's class has opened up another profitable business, "The Student Store." The store sells such items as popcorn, candy, and school supplies. The prices range from five cents to a dollar. The managing, buying of supplies, and selling, are all done by the students. They get hands-on experience and say they truly enjoy themselves. The school store and restaurant have created many friendships and add a new dimension to our school.

TEACHERS FOR ACADEMIC EXCELLENCE

This year seven faculty members make up the group called Teachers For Academic Excellence. This organization has been at Carrollton High School for 5 years, and its purpose is to give reward and recognition to those students who receive all A's and B's during the first semester of each school year, and to honor graduating seniors with outstanding school records.

With funds earned through the student store, *Teachers For Academic Excellence* have awarded scholarships and conducted recognition luncheons. This year the group served desserts and gave out special T-Shirts.

CLOSE-UP MEMBERS GO TO WASHINGTON

In May five students from Carrollton High School participated in *Project Close-Up*. Through fund raisers such as bake sales, pop can collecting, candy sales, balloon sales, raffles, donations and a bowl-a-thon, they each raised \$926.00 to spend a week in Washington D.C.

Close-Up is a government studies program designed to provide students with the opportunity to experience the democratic process as a living, evolving interchange of ideas, people, and power. Students participated in workshops, seminars, study tours, and sight seeing.
